

## SAND SHERPA RTT BUILT FOR DESERT EXTREMES

Roof Top Tents (RTTs) are the ultimate in luxury camping. But in the heat of the Middle East, we have learned through experience that tents designed for other climates last only two to three seasons before straps and zips perish, material degrades and you need to start looking for a new home away from home.

Sand Sherpa scoured the globe to find **the best hard-shell tents** to equip our ex-military expedition trailer fleet. Then we worked with the manufacturer to build to our own rigorous specifications. The result is a lightweight, quick pitch and easy to pack tent, built to withstand intense heat and dust.

## SPECIFICATIONS

- **ABS hard shell with heat resistant material** developed to withstand sunlight and temperatures up to 40-degrees celsius (we recommend tent removal during summer)
- **Two size options:** 1.5mx2m (Sherpa Gazelle) and 1.9x2m (Sherpa Oryx)
- Compatible with most vehicles on the market by using standard crossbars or roof rails
- **Aluminum honeycomb panel flooring:** extremely strong (rated to 500kg+), lightweight, fireproof and eco-friendly
- **Heavy duty aluminium telescopic ladder** (2 metres)
- Main tent fabric is Ripstop Poly-cotton Canvas (PU2000mm, UV50+, PU+ Silver-plating, Poly-cotton Canvas, 200g, FR Free)
- **4cm sponge filled mattress** with 3-layers quilted polyester peach skin for exceptional sleeping comfort
- Two heavy duty steel clips secure and release the ABS hard shell
- **Heavy duty gas struts** (x2) for ease of opening
- Integrated fly that can be rolled out of the way when not in use
- **Sky view opening** for stargazing and ventilation (with flyscreen)
- Wide side windows for maximum ventilation (with flyscreen) that can be used for entry/exit for vehicles with integrated rear ladders
- Lighting built into the underside floor panel to illuminate your campsite - plugs into power bank (easy turn on/off)
- **Interior tent lighting** with dimmer control
- **Included:** shoe bag; storage bag; wind-resistant bag; mounting rails
